USUAL, CUSTOMARY, AND REASONABLE FEES

The insurance policy establishes that Usual, Customary and Reasonable (UCR) fees will be applied to calculate the reimbursement for services and treatment rendered in a specific country or region. UCR is the maximum amount considered eligible for payment. This amount is determined based on a specific review of the prevailing charges for a particular service adjusted for a specific region or geographical area.

By encouraging direct payment and pre-authorization, we have the opportunity to negotiate medical fees to protect our members from incurring additional out-of-pocket fees and ensuring fair prices. UCR is one of the most important measures to control our finances while protecting our clients' interests.
